

Synergy Technology understands the complex demands of wholesale, logistics and distribution sectors.

Suitable for SMEs seeking guidance and direction on how to choose the most suitable system for your business this free one hour online discussion is designed to offer an insight into your requirements.

By talking through the features and benefits of Dynamics 365 Business Central, one of Synergy Technology's product specialists will guide you through the key functions and determine how your business can benefit from using Dynamics 365 Business Central.

Delivered by Synergy Technology, this review is offered as a free, no obligation fact finding telephone conversation to help you understand what Dynamics 365 Business Central has to offer for your business.

#### A FREE ONE HOUR CONSULTANCY SERVICE

- We discuss your current and future needs.
- We determine your requirements and IT resources.
- We outline the features and benefits of Dynamics 365 Business Central.
- We explain how these features will facilitate your business processes.
- We answer your questions.

#### We then deliver:

- A business appraisal from your input and feedback.
- A brief outline to summarise your requirements.
- Further product recommendations and base price structure – (where applicable) to provide a total solution for your business.

#### And also offer:

- An initial outline offering the most suitable Dynamics 365 Business Central package and service options for your business.
- An invitation to a free product demonstration of Dynamics 365 Business Central.

“This is a great way to start learning more about Dynamics 365 Business Central and whether it is the right fit for your business.”

Michael Gibbs, Consultant, Synergy Technology.
